

CALL FOR PAPERS

Special Session: **Renewable Energy**

Organizer:

Fernando Ornelas-Tellez, *Universidad Michoacana de San Nicolas de Hidalgo*, (fornelast@gmail.com)

Dear Colleagues,

It is my pleasure to invite you in participating in ROPEC 2016 by submitting papers on any topic related to this special session, which focuses in presenting recent advances and applications to the renewable energy field such that a better use of available energy is achieved. The developments of new research in this topic provides of both environmental and technological benefits; therefore, it is needed to propose technologies and methodologies for an adequate energy utilization.

The topics of interest in this session include (but not limited to):

- control systems for energy
- voltage and frequency regulation via inverters and renewable energy-based microgrids
- energy generation
- energy prediction
- energy storage
- energy management
- renewable energy (solar, wind, biomass, biofuels, etc.)
- energy integration
- electricity market
- energy optimization
- greenhouse
- energy systems modeling

All accepted and presented papers in the conference will be published in the proceedings of ROPEC and they will be indexed by IEEEExplore.

General information regarding manuscript submission important dates, conference fees, local accommodation can be found at the ROPEC page at <http://ropec.org>

Sincerely yours,

Dr. Fernando Ornelas Tellez
